

Vienna To Prague Cycle

Duration: 6 days

Already a firm favourite with our crew, this beautiful ride links the striking cities of Vienna and Prague. There's not much actual flat, but the gently rolling roads have enviably smooth tarmac and very little traffic – a gift for cyclists of all experience levels!

Our beautiful route kicks off with the stunning architecture of Vienna's imperial palaces; by the afternoon we feel as though we have pedalled back in time as we ride through Czech Republic's farmland, forest and traditional villages.

Packed with interesting culture, we pass through picturesque villages and towns with lakes, old squares and pastel-coloured buildings. A wonderful cycle path brings us right into central Prague with all its historic sights, including the iconic Charles Bridge and old town.

This trip generates around **117 kg of CO₂ per person**. Because of our commitment to responsible travel, **we offset 100% of these emissions**.

DETAILED ITINERARY

Day 1: Arrive Vienna

On arrival in Vienna, check in and make time to assemble the bikes and ensure everything is ready. Spend any free time (flight-times dependent) exploring the city and its riverside walks along the Danube. We meet in the evening for dinner and a trip briefing before a good night's rest in preparation for tomorrow's efforts. Night hotel.

(Lunch not included)

Day 2: Vienna – Znojmo

An early start takes us through Vienna and alongside the Danube on a generally flat cycle path - a lovely scenic introduction to the trip! We eventually leave the river behind at Tulln an der Donau, heading north through villages and woodland. Here we take on our only significant climb - it's fairly long, but your legs will be well warmed up by this point! We descend and continue over more rural rolling countryside towards the Czech border. By the time we reach our afternoon water-stop we're in the Czech Republic, which immediately feels very different culturally. A short ride brings us to our hotel in Znojmo, an old fortified town. Night hotel.

Cycle approx. 125km (77 miles)

Day 3: Znojmo – Telč

Today we get to fully immerse ourselves in the beautiful Czech countryside, as we follow rolling roads north-west, roughly parallel to the Austrian border. We pass through farmland and thick forest, and lots of small villages which each have their own traditional fishpond, making for a very scenic ride. The roads are smooth and very light on traffic, making this a thoroughly enjoyable day on the bike. The cherry on the top comes at the end of our day as we arrive in Telč. Dominated by its gothic castle, its renaissance centre is a UNESCO World Heritage Site. The huge town square, surrounded by pastel-coloured houses with ornamental gables and archways, is beautiful - and the perfect place to mark the end of a great day with a low-cost beer! Night hotel.

Cycle approx. 128km (79 miles)

Day 4: Telc – Tabor

Another day of rolling hills as we head east, riding through rich pine forests that tower above us. The views over clear rivers and lush green valleys are mesmerising, and the countryside is dotted with Renaissance churches, red-roofed villages and old castles - the Czech Republic has more castles per square mile than any other country in the world! You'll notice many roads are flanked by fruit trees - this is a tradition which celebrates the nation's heritage of fruit production, a big part of the Czech identity. After our lunch-stop we swing north towards Tabor, and after more small climbs and descents come to this lovely town with another striking old centre. Night hotel.

Cycle approx. 104km (64 miles)

Day 5: Tabor – Prague

Our road climbs gradually uphill from Tabor and, after a lovely descent into Central Bohemia, it's the usual undulating countryside through woodland and small villages. The outskirts of Prague give us the opportunity to appreciate its Communist past, with fairly utilitarian tower blocks of small apartments, but then we come to the River Vltava and our amazing cycle path. This leads us right into the city centre, past the much-photographed Charles Bridge and - via a few unavoidable sections of cobbles - into the historic centre with its famous town square and astronomical clock. It's a rewarding and memorable finale. After checking into our central hotel, we meet again for dinner and a final dinner together to celebrate our achievements. Night hotel.

Cycle approx. 104km (64 miles)

Day 6: Depart Prague

After a leisurely breakfast, you may have time to explore the many sights, depending on your flight times.

(Lunch not included)

WHAT'S INCLUDED

- 5 nights hotel accommodation on a twin-share basis
- All meals except where specified
- Snacks and water provision on cycle days
- Bike transfer from Vienna airport to hotel on day 1 (specific time window applies)
- Discover Adventure crew (number dependant on group size)
- Vehicle support throughout the trip
- Maps and route information
- **We offset 100% of the carbon emissions from your trip**

WHAT'S EXCLUDED

- Travel to Vienna and from Prague
- Any meals specified 'not included' in the itinerary
- Travel insurance
- Bicycle, cycle helmet (compulsory) and water bottles
- Personal spending money, souvenirs and drinks
- Fees for any optional sites, attractions or activities
- Any applicable surcharges as per Terms and Conditions

GRADE | YELLOW

All our trips are designed to provide a challenge. Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trip lies within the **YELLOW** range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a **spectrum** which reflects the difficulty of these factors. Trip duration, accommodation and living conditions are also taken into account. Some sections will feel more challenging than others, but the grade reflects the overall trip. Unusual weather conditions can also have a significant impact.

The Accommodation icon indicates the living conditions while trekking/cycling. While there are usually several factors that present a challenge, the Challenge icon indicates the trip's most challenging element, for most people.

CHALLENGE INFORMATION

DETAILED INFORMATION

Leaders & Trip Support

Your trip will be led by experienced Discover Adventure crew - selected for their knowledge and experience, friendliness and approachability, sense of humour and ability to safely and effectively deal with any situation that arises; they are also trained in first aid. The crew will have mobile phones and/or radios where appropriate, medical kit and other safety apparatus where necessary.

The number of crew and support vehicles looking after you will depend on the final size of your group, but the team will be looking after every aspect of your trip whether that's transporting your luggage, ensuring your route is clear, making you lunch and sorting out any mechanical problems. Support vehicles are with the group all of the time, and carry all luggage and spares.

Trip Safety

Your safety, and that of the rest of the group, is our highest priority. Our trips are designed and planned with safety in mind. Your crew will be equipped with communication devices (eg phones, radios and/or emergency satellite phones), medical kit and other safety apparatus appropriate to the destination. Our leaders always have access to our 24-hour emergency UK back-up. They are responsible for safety on the trip, and will make any changes to the itinerary they deem necessary, should local conditions dictate. Pre-trip administration - such as medical questionnaires and travel insurance as appropriate - is all done with your safety in mind.

Accommodation

We usually stay in hotels or lodges of a 2-3* standard or equivalent. Standards may vary between the hotels but they are generally comfortable and convenient for our route. Hotels are often on the outskirts of towns to minimise unnecessary extra mileage and avoid traffic.

Roomshare Arrangements

Our trips are sold on a shared accommodation basis, usually twin-share, in hotels convenient to our route. You can tell us if you are travelling with someone else on the trip when you book or within your passenger portal, and we will do all we can to accommodate this request. It is important that both people complete the room share request on their bookings. For customers booking and travelling together, including same-sex couples, a double bed can be requested if available.

If you're not familiar with anyone in the group, rest assured, we always pair you with someone of the same gender (as per the information you provided when booking, or passport markers), and a similar age where possible. We're actively working to improve our system's gender restrictions to be more inclusive, and we've recently made significant strides in

this area. If you identify differently from the gender marker on your passport and would like to discuss this before booking, please feel free to reach out to us.

Single Supplements

In most standard hotels, we can usually offer a limited number of single rooms. This is upon request, on a first-come, first-served basis, and additional charges apply. In more communal accommodation, single rooms are rarely an option. We do not charge a single supplement if you are a solo traveller in a shared room.

Food & Dietary Requirements

We like to support local businesses and will source food locally wherever we can. Lunches will be a mix of restaurants along the route or supplies will be purchased from local shops; dinners are usually eaten at the hotel. For larger sized groups we may opt to cater the lunches ourselves with a buffet style provision. Being vegetarian or having other dietary requirements is not usually a problem provided you let us know well in advance. Having said that, despite working very hard with the hotels, it doesn't always translate into what we'd like for you. If this is the case on your trip, please chat to the crew at the time and they will do their best to find a solution. If you know there are plenty of foods you cannot eat you may wish to bring extra snacks from home so you can top up your energy supply.

PREPARING FOR THE CHALLENGE

Challenge Grading

GRADE | YELLOW

All our trips are designed to provide a challenge. Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trip lies within the **YELLOW** range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a **spectrum** which reflects the difficulty of these factors. Trip duration, accommodation and living conditions are also taken into account. Some sections will feel more challenging than others, but the grade reflects the overall trip. Unusual weather conditions can also have a significant impact.

The Accommodation icon indicates the living conditions while trekking/cycling. While there are usually several factors that present a challenge, the Challenge icon indicates the trip's most challenging element, for most people.

[Trip grading explained](#)

Fitness Levels

This is designed to be a challenge, and it is vital that you train sufficiently for it. We will supply you with a thorough training guide once you have registered. We expect all participants to train hard in advance, but we respect everyone's limits and do not expect everyone to maintain the same pace. Inadequate training is likely to have an impact not just on your chances of completing the challenge, but enjoying it too - and we want you to have the time of your life!

Our challenges attract people of all levels of experience, fitness and ability as well as all ages and backgrounds. We design our challenges so that everyone can go at their own pace: this is not a race. If you have concerns about your fitness or if you have reduced mobility please do contact us for a confidential chat about whether this challenge is appropriate for you.

For logistical and safety reasons we sometimes need to re-group, so the front-runners may find themselves waiting for the slower ones. Please relax, and remember that this is a team effort that enables people to achieve their personal goals and earn sponsorship.

Terrain

The cycling is mainly on small, quiet country roads, with a lengthy section of the first day on cycle path. The traffic is very light most of the time. There are some rolling hills and descents, though only a few significant climbs. This is a great entry-level cycle challenge, with good smooth tarmac, and achievable distances - though no challenge is easy!

Electric Bikes

In the last few years e-bikes have become increasingly popular. At Discover Adventure we see them as a great tool for inclusivity, and a great enabler for people to get out cycling - at home and on our trips - especially when continuing riding (or starting again) in older age or through health problems.

With charity challenges being at the heart of our business, we know that e-bikes are being used by beneficiaries of various charities to aid recovery, and that they enable participation in events raising funds for those charities.

E-bikes must, however, be used with caution on a multi-day, high-mileage trip and are in no way a substitute for training. Please talk to us well in advance if you have one you wish to ride on this challenge, so that we can ensure that it is suitable for the challenge, and that you are aware of the pros and cons.

Clothing & Kit

We plan our trips around the optimal weather conditions, but could still be exposed to bad weather at any time. It is vital you are prepared for all conditions. We provide you with a detailed packing kit-list on registration, with plenty of information, and we are always available if you need advice.

Passport & Visa / Vaccinations

Entry requirements vary depending on your destination and nationality. It is your responsibility to ensure your passport is valid, and any visas are obtained in good time. Check the [FCO's advice](#) on entry requirements for your destination to be sure. Please ensure you allow plenty of time to apply for your visa; we will provide you with all necessary information 6 weeks prior to departure to assist with your application.

Your routine UK schedule of vaccinations should be up-to-date (especially tetanus). We recommend you check [Fit For Travel](#) for further details. You should always check with a GP or travel clinic for up-to-date travel health advice as it does change.

Foreign Travel Advice

For the latest travel advice from the Foreign & Commonwealth Office including security and local laws, plus passport and visa information, check www.gov.uk/foreign-travel-advice.

Travel Insurance

Travel Insurance is compulsory on all of our challenges outside of the UK; we strongly suggest that you arrange insurance cover as soon as your booking with us is confirmed, or as soon as you're able to purchase some, and at least 8 months prior to travel. Should you need to cancel prior to departure, you will need insurance to cover the costs involved (registration fee and any trip costs depending on cancellation date).

We all hope never to need it, and thankfully most of the time we don't, but on those rare occasions when you do, you want it to cover you as best it can. Whilst it's a fairly boring admin task relating to your trip of a lifetime, it is really important you ensure that you have adequate cover for the type of challenge you are taking part in as well as medical emergencies, evacuation and repatriation, so make sure you're happy with the level of cover. There are lots of suppliers out there, with a wide range in levels of cover; generally speaking, you get what you pay for! Get and pay for the right level of cover and then you can go on your adventure not having to worry about the what-if's. For more details click [here](#).

Once your travel insurance is arranged, just remember to let us know the policy number and 24-hr medical emergency phone number provided by your insurers.

Cancelling your booking

In the unfortunate circumstance that you need to cancel your booking, we would ask that you notify us in writing either by email or post. Your cancellation will be considered effective from the date the notice is received. Registration, administration and amendment fees are non refundable and, depending on your payment option and how close it is to your challenge departure date, you may be liable for a cancellation charge.

Full details of all cancellation charges may be found in the Terms and Conditions of booking.

Group Size

Your booking is part of a group challenge and the tour costs and fundraising targets listed on our website are based on a minimum number of participants which is shown on the challenge. Our typical London to Paris groups run with approximately 30-40 participants whilst all other Euro cycles run with approximately 15-20, however you may find your group is smaller or larger than this.

We will confirm at least 12 weeks prior to departure that your challenge is guaranteed to run however occasionally it may be possible to still to run the challenge with less than the minimum numbers, subject to a small group supplement. If we

think a small group supplement may be necessary, we will discuss this with you as soon as possible, usually 5 months before your departure date.

Minimum numbers and groups sizes may vary on Bespoke Charity challenges. If you are booked onto a bespoke challenge please contact your charity for full details.

Passenger Portal

We have a Passenger Portal which will give you more details of the challenge itself. It also enables you to see any outstanding information we need, the countdown to your challenge departure, see your outstanding balance, make payments and update your contact details. You can access this via the following link - [Passenger Portal Log in](#).
